### **(Spoken Word)**

Most Christians only get bold when it doesn't cost them a thing  
and as a result, it seems nobody is gay and lesbian evangelizing  
my crew's provoked by the evil not the people  
cause God loves homosexuals, but hates their acts of evil  
Conservatives run from this while liberals seem to promote  
justification of the acts instead of Christ as the gay's only hope  
now people are actually convinced that these so-called gay pastors  
are really making sense and have good arguments  
Well I hate to drop a bomb, a gay pastors an oxymoron  
cause to adopt the position you must do some serious Bible twisting  
you say, "that's not loving", but it reflects God's position  
when He destroyed Sodom and Gomorrah for the unnatural acts they were committing  
But before He destroyed that city, He was willing to show it pity  
but He couldn't find twenty, thirty, forty, or even fifty that were justified  
now like Colonel's original recipe they're being deep-fried  
hell is what comes next when Jesus is denied  
Cursed is the man that lies with a man like he would a woman  
Does that really need an interpretation or a chalkboard diagram?  
a third grade reader can understand God hates same sex relations  
and all sex outside of marriage is a law violation  
God said it deserves the death penalty  
it's one of the reasons the law was given, it's not hopeless you can be forgiven  
no known society in the past has been down with this function  
the goal of sex is not just satisfaction but reproduction  
See it's an insult to God and His Word to say  
that God from birth created and made you that way  
I challenge you to find or to prove that from the Bible  
when all scripture is clearly gay and lesbians biggest rival  
And arguments about mommy being dominant or daddy being recessive  
conceals the fact that humans unlike animals have the ability to decide  
to say yes or to say no to certain temptations and drives  
God made Adam and Eve not Adam and Steve or Madam and Eve  
when Adam had a companion need  
God blessed him and made him complete Him with Eve  
God ordained straight marriages and two become one flesh  
what God joins let no man disconnect

Even the animals agree  
if a female gorilla wants to get busy it won't be with her girlfriend named Kizzy  
don't blame your learned behavior on the Savior  
subjective interpretation of scripture can justify any behavior!  
But if that's your choice I'm cool with it, and this song I would be through with it  
but part of your agenda is to force your lifestyle on our kids and I ain't cool with it  
recruiting, indoctrinating, legislating toleration and got the nerve to equate your hustle,  
with the civil rights struggle  
You must be kidding...but check it...Are you listening?  
But despite your agenda let me tell you how we gone respond:  
we gone reach out to gay and lesbians with the gospel, word is born  
we gone speak out against hatred and violence directed towards any group  
though others gay bash, to those levels, we ain't gone stoop  
Though you want more than the right to privacy and are trying to convince society  
that you need legal protection cultural acceptance undeniably  
we won't discriminate, cause we're about bigotries removal  
but we're going to vote against initiatives, that try to mandate gay approval  
We're going to do our best to ensure our lives reflect biblical morality  
encourage biblical sex and warn against homosexuality  
we won't treat the gay lifestyle as a more terrible sin  
than adultery, bestiality, fornication, rape or prostitution  
We gone love you like God does, but hate your sin  
cause true love doesn't ignore sin or the lives that it ruins  
cause true love speaks out in hope of helping those trapped  
even though our first reaction might be to pull back  
We will always refer to the gay lifestyle as a sin never sickness  
a rebellion against God's purpose and plan  
so we encourage parents not to feel as if they have failed  
we can't change people, but through prayer God will  
You may have never heard of a way out, but thousands have been delivered  
although you can't undo the past, God can replace the guilt you have  
we hope this song defends God's position on this topic  
and help those in it, to wise up and drop it

### **(Hook)**

We bringing hope, healing  
We got the feeling after hearing this song  
You'll say I was wrong  
Right with the Lord we pray you get  
He'll bring healing to your hurt when you repent  
You'll get joy for your pain, forgiveness for your sin  
He'll make your crooked paths straighter  
Turn temptation into prayer  
You can overcome victory is process  
We hope you hear our love hit your knees and confess...your sin  
We come in love...
