**(Verse 1)**

Love, is when we positively endure pain  
insults and not lose our tempers again and  
quietly persevere and do not complain  
when our kids make us mad, but we chill mom and dad

It's when we're, gentle and considerate, dawg Can yawl, get with this?  
"Loving your enemies" I know it sound ridiculous  
hearing this, lyricist, spit about forgiveness  
holding back a beat down, giving after we've found

That our brother or another's in need  
then after, realizing needs we, feed the needy  
sow a seed and stop being so greedy believe me  
sensitivity it aint easy

Caring for others like, we care for ourselves  
even if it inconveniences us, we'll still help  
love, is when we give without expecting a thing  
It's when someone hurts us, but we spare their feelings  
Its 'bout love

**(Hook)**

Love  
I hope you know we love you so  
Love  
And never will we let you go  
Love  
Have you really thought about it?  
Love  
Listen as we talk about it

**(Verse 2)**

It's when we don't forget the helpers of, our success  
when you buy you some shoes, and your girl a dress  
when you think how your actions affect the other person  
when you're nice and polite with those difficult to like

It's when, others succeed and them we don't envy  
when we're not troubled by fears of rivalry  
when we don't brag or boast or try to impress  
when we're humble when we could be arrogant  
It's when we're not condescending but show others respect

it's when we're, meek, and don't flaunt, our success  
it's when our, characters consistent with our, reputation  
when ladies, start dressing like they, got salvation

Love is when, we tell, one another the truth  
enemies kiss, but friends always faithfully wound  
it's forgiveness—so tell me why, you ain't budging?  
How can you say you love God, when you grudge holding?  
It's 'bout love

**(Hook)**

**(Verse 3)**

Love is discipleship building mad friendships  
with a spiritual intent and when we do submit  
and prefer to be, chilling with family certainly  
around those professing Christianity

It's when Christian folks, dwell in unity  
when we get, ashy knees dawg for our enemies yawl  
when we use our gifts to serve not gossip words  
when we say beware of false prophets word!

The Lord's love yawl it ain't easily provoked  
it don't think no evil rejoices in truth not the sins of other people  
bears others down falls  
believes, receives, hopes, endures and copes

Do you place the needs of others before your own?  
Do you lend a sympathetic ear on the phone?  
Do you give others the best and take the worse?  
Do you ever say I'm sorry or give a heartfelt apology?

I wrote this once I peeped the word and observed the curves  
sloppy agape within the church poppy  
after spending hours sweeping up, cleaning up others dirt  
after being disappointed, being hurt

Love is a verb, it's an action word  
that should be automatic, and a daily habit  
that I'm sure we've practicing from the door beloved  
but still we need to excel and prevail never fail yo!

The world gets God from those that love God  
they see us and only here about Jesus  
so let your light shine cause sound doctrine alone  
ain't enough to influence sinners to repentance

We shouldn't say, "I love you" unless we really mean it  
but if we really mean it we should show and say it frequent  
all we give all we know and speak means nothing  
if we don't have and show love for the brethren

**(Hook)**
